Reference: Full Name

We do not intend for money to become a factor preventing anyone from participating, but there is no such thing as a free ride. Everything in the universe follows the principle of mutual energy exchange. For example, the bee takes pollen so that it may nurture and care for its hive. In exchange it fertilizes the flower so that it too may thrive. We have experienced that this kind of balanced equitable exchange creates opportunity for the greatest benefits for all involved to thrive.

Should you feel called to join us, but have difficulty meeting the financial commitment, talk to us about a proposal for equitable exchange. We request that your proposal reflects an expression from your heart to honour the value of what you will gain from the experience, honestly giving what you can – no more and no less.

Community Gatherings

There is never a fee charged for ceremony, however there is an investment of energy on the part of the Dance Chief. They invest energy in many ways before, during & after a ceremony in both the seen & unseen realms on behalf of those who share the experience. The Donation / Heart Gift is an expression of appreciation, acknowledgment, to honour & equalise the exchange of energy invested on your behalf.

Red Owl Moon Lodge	FREE Donation / ♥ Gift is welcome + Feast Food	A monthly gathering of women, for women at new moon. We come into circle to honour our moontime, to access emotional intelligence specific to being a woman & to open the space for healing.
Community Ceremonies	Donation / ♥ Gift + Feast Food	We come together in community to acknowledge & honour Grandmother Earth's natural cycle & flow, how she influences us & how we can align to her spirit. Each Gathering or Ceremony is different, offering us a space to come together to learn, heal, celebrate & grow. EVENTS
Medicine Wheel Gardens	Donation	There are 3 complimentary Self Guided Shamanic Ceremonies available for you to choose from to facilitate your own personal exploration.
